

The graphic image below right was created by the programming code on the left. See page 2 for a copy of the code. The program was created at www.wescheme.org

The screenshot shows the WeScheme web editor interface. The top navigation bar includes 'WeScheme :: Documentation Programs Logout' and a toolbar with 'Run', 'Stop', 'Save', 'Share', 'Images', and 'Recipe'. The project name is 'Mondrian1'. The code editor on the left shows the following Scheme code:

```
16  
17 ;;Horizontal line4  
18 (rectangle 152 8 "solid" "black") (put-image  
19 35 246  
20 ;;Vertical line1 (put-  
21 image (rectangle 7 380 "solid" "black")  
22 230 200  
23 ;;Vertical line1  
24 (put-image (rectangle 10 380 "solid" "black")  
25 175 200  
26 ;;Vertical line2 (put-image (rectangle 8 166 "solid"  
27 "black")  
28 325 93  
29 ;;blue block  
30 (put-image (rectangle  
31 62 95 "solid" "blue")  
32 360 135
```

The canvas on the right displays the resulting image, a Mondrian-style grid with a red block in the top-left, a yellow block in the middle, and a blue block in the bottom-right. The word 'interactions' is visible in the bottom right corner of the canvas area.

Note: This look alike image was found at the website listed below
